

Small VTC Huddle Room

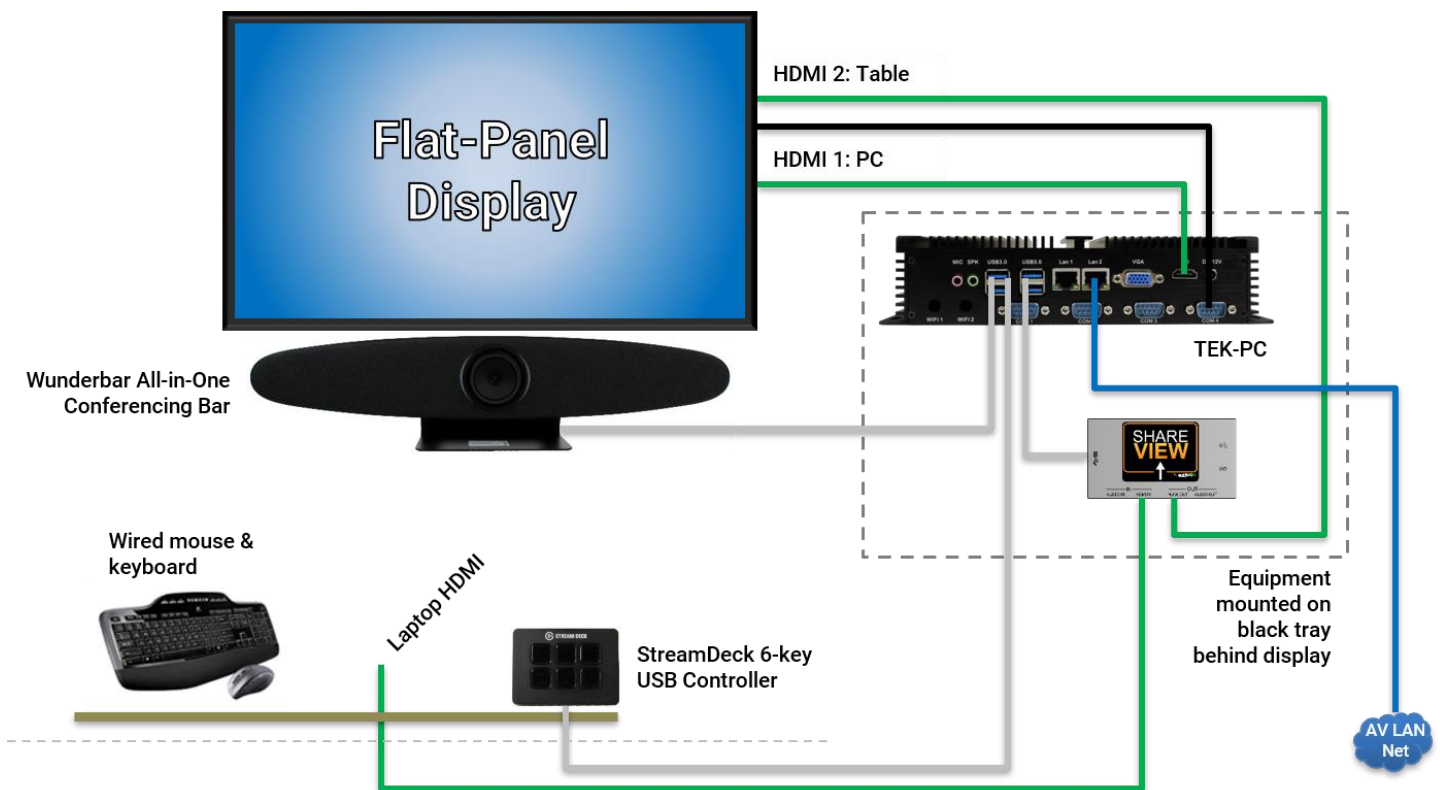

71021-T0-SV0 Data Sheet

Perfect for small video conferencing huddle rooms, the 71021-T0-SV0 Conference Room Drop-In provides everything needed for a convenient, small-scale VTC system. Users can choose whether to present from the built-in PC or a connected user source (i.e. a laptop or tablet), and are able to share that user source's screen when running a video conference.

Clean, efficient installation ensures a system that works with any commercially-available video conferencing program, making meetings quick & easy. The StreamDeck Mini provides a refreshingly simple user experience, with clearly-labelled buttons and straightforward operation, and comes programmed to control the display and video conferencing program from a single, compact interface.

Features:

- Convenient, straightforward video conferencing for small huddle/conference rooms
- Stunning video quality with support for up to 4K resolutions
- Present locally from a PC or laptop, or share the laptop's screen in a video conference
- Enjoy easy-to-use controls of the display & video conference with the StreamDeck Mini
- Capture top-quality audio and video with the Wunderbar All-in-One Conferencing Bar
- Shipped fully functional, pre-programmed, and rigorously tested
