

Eco+ Drop-In

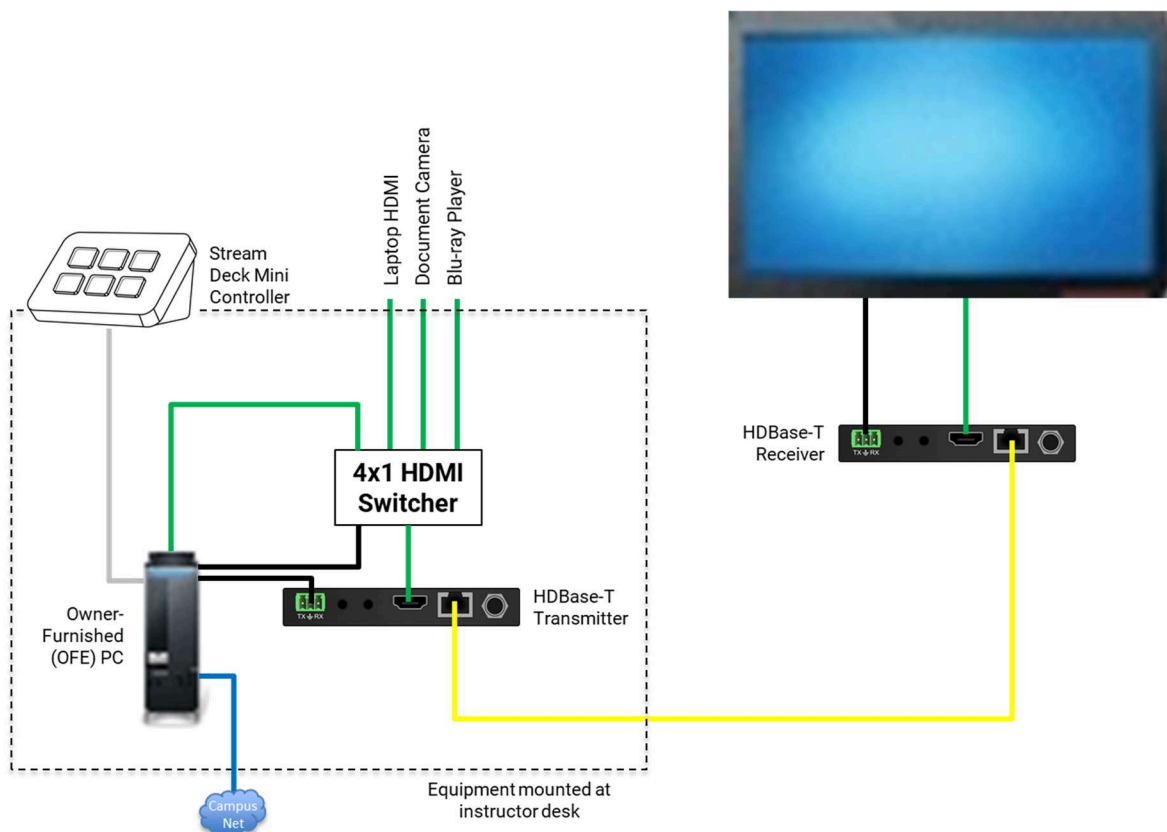

71204-DI Data Sheet

The 71204-DI Drop-In A/V® Solution provides a fully-managed, budget-conscious system for a modern classroom. This Drop-In supports 4 HDMI sources at full 1080p resolution, and includes centralized control of video switching, display power, and audio volume.

Featuring a unified hardware-software solution, this Drop-In provides comprehensive control of a modern classroom using minimal equipment, for a clean, no-mess installation that just works. A 4x1 HDMI switcher accepts video inputs from a customer computer, laptop, document camera, etc., and powerful HDBase-T transmission technology carries video, audio, and control signals to the room display. TEKVOX's PC-TekMonitor software adds A/V control capability to a customer PC, and a Stream Deck Mini controller provides sleek, custom-programmed control at a touch from a single location.

Features:

- Support for 4 HDMI sources, with support for resolutions up to 1080p@60Hz
- Unified control-at-a-touch of video switching, audio volume, and display control
- Minimal-hardware saves customers money without sacrificing functionality
- Scheduled system power automation for superior energy management
- Includes all cabling, software, and hardware needed for a complete working system
- Shipped fully functional, pre-programmed, and rigorously tested
- 3-year warranty and expert 12-hour (7AM – 7PM) customer support (additional fee)
